WORK EXPERIENCE

EXPERIENCE DESIGNER

Foxgroove Interactive

May 2022 - Jun 2023

- Designed all responsive screens, ensuring design patterns and flow were maintained. Incorporated animation elements to enhance user interaction and communication with developers.
- Developed and implemented design system, ensuring consistency and scalability across products.
- Designed prototypes for enterprise-level SaaS systems in the healthcare/wellness industry, implementing modern and accessible design for mobile screens.
- Ideation of new product features and improvements to develop a comprehensive design strategy.
- All designs were user-centric to ensure user retention and completion of tasks.

UX/UI DESIGNER

Freedom Mortgage

Dec 2021 - May 2022

- Designed wireframes, high fidelity mockups using inVision and Sketch.
- End-to-end UX design (user interviews, wireframing, user testing, prototyping, usability testing)
- Worked in Agile environment using Jira, Confluence and designed with ADA & WCAG guidelines.
- Cross-functional work for consistent brand use across digital channels, developed and maintained digital standards and functional specs.
- Collaborated with stakeholders, product managers, engineers, content strategists to ensure products are aligned with business and user needs.

UX/UI DESIGNER - FREELANCE

Truelio / Home On Call / F&E Media

Oct 2019 - 2023

- Truelio (02/23-03/23)
 - Led the design of a mobile onboarding process from user flows to UI design and journey maps while developing a comprehensive design system to ensure the scalability for future use by other enterprises.
- Home On Call (02/21-04/21)
 - Led end-to-end UX design for a CRM, applying data visualization best practices for 500 clients.
 - Optimized data organization with strategic site map designs, improving user interactions and navigation.
 - Utilized A/B testing to validate designs and address user pain points, resulting in an intuitive, high-fidelity desktop prototype.
- F&E Media (10/19-02/21),
 - Designed static website using HTML & CSS, UI elements and report templates that had 10% increase conversion rate and 100% client retention for 2 years.
